Exercices 02	<input type="checkbox"/>
Benford's Law	<input type="checkbox"/>

First assignment

Pick an exercise and explain it orally (record yourself or explain it directly to the teacher alone). ☐

Second assignment

Pick another exercise and write down a proof of its solution. ☐

Third assignment

Explain orally the previous solution in front of everybody, with the help of your written document. ☐

While the others are explaining theirs, fill out a form about their performance. ☐

When everybody's done, proceed to a debriefing. ☐
